REMOVAL

TOILET ARTICLES,

No. 4 Strickland's Block

Wkly and Courier.

SATURDAY, JULY 20, 1878.

BY TELEGRAPH.

MAINE NEWS.

FROM PORTLAND.

Confidence Firm Broken Up.

PORTLAND, July 19 A confidence firm doing business calling themselves J. B. Appleton & Co., have been broken up by the City Marshal and left town.

FROM ROCKLAND.

Steamer Rumbled.

ROCKLAND, July 19 The steamer Lina Houghton was disabled by breaking a crank pin on the trip up this forenoon. The United States Revenue steamer McCulloch was telegraphed for at Castine, and went to her assistance and the Houghton is expected here to-night.

The Machinist Forgeries.

PORTLAND, July 19 Chas H. Williams was arrested at Thomaston, Thursday night, for complicity in the late Andrews forgeries. He was formerly a clerk of Appleton's.

The Wagamb

The thermometer ranged from 84° to [illegible] this afternoon. No sunstrokes are reported to-night. It is hot, and sultry.

FROM AUGUSTA.

A Base Ball Game.

AUGUSTA, July 19. A State championship game of base ball was played here, to-day between the August Reds and Portland Atlantics. Ten innings were played the Reds winning 10 to 9.

DOMESTIC NEWS.

NEW YORK CITY

The Yellow Fever.

NEW YORK, July 19 It appears that the yellow fever on board the naval vessels in the navy yard at Brooklyn is entirely attributable to a bed of putrescence which has been allowed by negligence of the naval authorities to form under the Vermont bed of weeds by felling from the adjacent dock in close contiguity to the yard. The official physicians of Brooklyn have allowed fresh new loads of offal and night soil to be dumped throughout the Aldo business of their corps and this is the latest and most glaring in the Navy Yard. No effort is known to have been made by Commodore Nicholson to prevent the accumulation. The health authorities of Brooklyn are to-day energetic in the matter.

Two more seamen on the Vermont were seized with yellow fever to-day and were promptly removed to quarantine. Much anxiety is felt among the crews of various vessels at the Navy Yard but the officers believe the worst is over, and the President of the Brooklyn Board of Health believes the disease will not extend further.

WASHINGTON.

The Cabinet Session.

WASHINGTON, July 19. At the Cabinet session to-day some discussion ensued as the Revenue trouble in South Carolina, where four Internal Revenue officers have been murdered. Richard the Sheriff elect, declared the Sheriff detective killed in "self-defence a man named Reed to whose house Redmond was concealed. The officers immediately went to Greenville, gave themselves up and were held for murder and an attempt was made to have the case transferred to the state court. This has been positively refused. The Attorney General announced he would direct the United States Marshal to take a writ of habeas corpus for transfer of the prisoners. This course was approved. The President had before the Cabinet a letter from Queen Victoria officially announcing the death of the late King of Hanover.

A Map makes Master.

The President to-day appointed General Banks Post Master at New Orleans to place of A. M. Packard, suspended. Mr. Packard is a brother-in-law of General B. F. Butler.

Masons vs Alexander.

The difficulty between Congressman Hunton of Virginia and Columbus Alexander of this city, was the theme of considerable comment to-day. The impression is that there will be no further correspondence between them and no hostile meeting of any kind.

COLORADO.

The Democracy

DENVER, July 19. The Democratic State convention to-day nominated A. H. Hovey and for Governor, and re-nominated Thomas Masters for Congress, both by acclamation. The platform affirms a strict construction of the Constitution with all the amendments, supremacy of the civil over the military power, encouragement of church and state, and protection of the common school system; that every honest voter should approve the investigation and exposure of the meanness fraude by a total the will of the people was set aside, and that justice for President and Vice-President defeated, directly in the face of the declaration of the President that such investigation be fair and searching, and that the authors of the same be held accountable, that the committees of and industrial distress that prevails is the result of vicious financial legislation by the moneyed power effected through the agency of the Republican party in Congress; the demonetization of silver notes, the exchange of bonds originally redeemable in greenbacks for those which are to be redeemable in gold and the maintenance of the latest unfunding system, that before trade and business can be restored in the downward course, an increase of the volume of currency is imperatively required; demands free and unlimited coinage of silver, so that owners of bullion may have it coined, and while in favor of further interference of the Government in regulating the same also favors the Government shall issue to depositors of silver bullion, coin certificates for circulation as money, denounces the Senate amendments to the silver bill passed by Congress, because they enabled the Secretary of the Treasury to entirely control the circle of silver, and to hoard the same in the Treasury.

CALIFORNIA.

Chinese Immigration.

SAN FRANCISCO, July 19 Col. H. A. Pierce attorney for the Chinese six companies is preparing a report to President Hayes in relation to the Chinese question, calling their attention regarding immigration bill, on account of the Pacific coast people. He will show that during the past two years 20 per cent of the emigration and death rate of the Chinese have exceeded the immigration by about 5000 and that the entire number of Chinese residents on the Pacific coast as borne on the registers of the six companies does not exceed 65,000

THE WEATHER.

WAR DEPT. OFFICE SIGNAL SERVICE, OFFICE OF CHIEF SIGNAL OFFICER, WASHINGTON, July 20—1 A. M.

Indications.

For New England and Colder, clear or partially cloudy weather, northerly winds, and slight temperature.

For the Middle Atlantic States: Colder, partially cloudy weather, occasional rains, winds mostly from the North, and stationary or higher pressure.

For the South Atlantic States: Partially cloudy weather, occasional rains, variable winds mostly northerly, stationary pressure and temperature.

For the Gulf States: Clear or partially cloudy weather, winds mostly light southerly, stationary pressure and temperature.

For Tennessee and the Ohio Valley: Clear or partially cloudy weather, light variable winds, stationary pressure and temperature.

For the Lower Lake region: Partly cloudy weather occasional showers, variable winds, nearly stationary temperature and barometer.

For the Upper Lake region, Upper Mississippi and Lower Missouri Valleys: Partly cloudy weather and occasional rains, variable winds mostly from the South, nearly stationary temperature and barometer.

THE HEAT.

BLISTERING IT OUT IN ST. LOUIS.

CHICAGO STILL SWELTERING.

NEW YORK'S RECORD.

REPORTS FROM VARIOUS POINTS.

NEW HAMPSHIRE.

At Portsmouth Navy Yard 100 in the Shade.

PORTSMOUTH, July 19. The heat at the Navy Yard was the most intense known for 10 years. It was 100 in the shade at which it stood over an hour. This too where a breeze was blowing. At 5 o'clock the mercury was 96 at the yard. Three men employed on the Tuscarora were overcome by the sun stroke, one of whom died immediately thereafter labor was suspended. A rigger while at work on the Wabrango was also unstrung. In this city this afternoon the thermometer registered 96

NEW YORK.

Still Excessively Hot.

NEW YORK, July 19. The heat continues. The thermometer during the night marked 83 to 85 and was 85 at 5.30 this A. M. At 6 o'clock 83 under the influence of a cool west wind. There were 30 cases of sunstroke yesterday and 12 in Brooklyn, but only one fatal; four sunstrokes in Jersey city, one fatal. Superintendent, a reporter of the New York Sun, was prostrated by heat while passing Grant's tomb Monday afternoon last night and taken home in a carriage.

Thirty-nine Sunstrokes.

The thermometer to-day reached 96° in the shade. The total number of sunstrokes yesterday and to-day 45 this afternoon, is 39 in New York; not three fatal.

OHIO.

The Hottest Day.

CINCINNATI, July 19 There were several serious cases of sunstroke here yesterday. Advices from the surrounding country indicate that yesterday was the hottest day of the season, the mercury reaching 100° in the shade in many places. In addition to Zane already reported as dead spirit lake reporter on the shady side of Fourth street marked at 6 o'clock 84 degrees, 9 o'clock, 92 degrees; 10 o'clock 96 degrees; 11 o'clock, 98 degrees. Five cases were treated at the dispensary up to 11 o'clock, none severe. But more fatal cases yesterday not previously reported. A total number yesterday of which any knowledge has been obtained will not exceed 20.

Brewing Cooler

There has been but one additional case of sunstroke since 11 o'clock, making six in all up to 1 P. M., the thermometer marked 96° at one P. M., 24 degrees less than yesterday. The indications are that the intensity of the heat has expended its force and there will be a gradual decrease from this time.

An Alarming Increase of a Month Made.

St. Louis, July 19 Unusual cases of sunstrokes were treated at the dispensary to-day, 26 of whom were sent to the hospital. Eighty-eight cases of sunstroke have been sent to the hospital since the heated term commenced, only 12 being fatal. The mercury has been from 96 to 5 degrees higher than yesterday. The night promises to be warm as ever. The total number of deaths in the city from the 12th to the 18th of July last year were 122, and for the corresponding week just closed 378, the difference is fairly attributed to excessive heat.

GENERAL REPORTS.

Ohio Temperature at Noon.

NEW YORK, July 19. At noon to-day the thermometer at Buffo o registered 81°; Chicago 78; Oshkosh, 80; Cleveland, 80; St. Louis 92; Indianapolis 88; Pittsburg 87; Washington 94; Hannover 94; New York 90; Philadelphia 92. The signal office predicts comparatively comfortable weather for to-night.

A Peoria dispatch says there have been fifty unsuccessful there with ten fatal during the week.

Three hundred passengers, landing from the steamship Dniester, at Baltimore on Thursday, were prostrated by heat at once the engineer of the same vessel. Fourteen were sent to the hospital and one boy was buried. The cook of the ship died of heat, and several seamen were prostrated.

Five mills at Trenton Thursday afternoon suspended work.

Six sunstrokes, two fatal, at Wilmington, Indiana.

All reports from the valley of the Hudson and from the district of Ulster and Dutchess county state that extreme heat, with several prostrations, but no deaths.

Wednesday Heat in St. Louis—Fifty-five Fatal Sunstrokes.

ST. LOUIS, July 20. The high hopes indulged in last night by the pretty rapid sinking of the mercury that the heated term of Wednesday to break was blasted this morning when the sun rose almost scintillatingly hot as ever, and since nine o'clock the mercury has shown but about a degree lower temperature than yesterday. Previous to that time the difference was about 5 degrees. There is consequently less than dark spirit in the sunrise on the shady side of Fourth street marked at 6 o'clock 84 degrees, 9 o'clock, 92 degrees; 10 o'clock 96 degrees; 11 o'clock, 98 degrees. Five cases were treated at the dispensary up to 11 o'clock, none severe. But more fatal cases yesterday not previously reported. A total number yesterday of which any knowledge has been obtained will not exceed 20.

A total number yesterday of which any knowledge has been obtained will not exceed 20.

Preliminaries.

A Very Hot Day in Philadelphia.

PHILADELPHIA, July 19. The oppressive heat last night caused the death of two children in the family of John G. Dodge, 1000 Lombard street. The mercury reaching 100° in the shade in many places. In addition to Zane already reported as dead spirit lake reporter
